

PT5 CLEAR WIRE REINFORCED PVC TUBING

The Model PT5 is a clear PVC polyester wire reinforced tubing with a smooth interior and exterior for vacuum service and good flexibility. It is available in 3/8" to 3" diameters, and comes in standard coil lengths. A smooth finish provides excellent flow characteristics, it does not impart any taste or odor, and is lightweight and yet tough and abrasion resistant. Applications are varied, and include a variety of weak chemicals and gases, including food products, and is easily flushed and cleaned. FDA, USDA, 3A and NSF grade. Temperature range is 25F to 150F.
