

RN1 RUBBER EPDM SUCTION HOSE

The Model RN1 is a quality rubber suction/discharge hose designed for rugged industrial and construction applications requiring endurance and higher pressure ratings. It is designed to withstand heavy use and makes tight bends without kinking, and has a corrugated cover at 5" and higher. It handles water and mild chemicals, slurries, brine, detergents, mild acids, alkalis, and glycols, among many others.

It includes a top grade EPDM rubber for abrasion and weather resistance, and is reinforced with textile plies and a helical wire.

Also available in ready-made assemblies as the RN1-AS.

QTY	INNER DIA	OAL	FITTINGS	OUTER DIA	PRES	BEND RADIUS	VAC	WEIGHT
	(in)	(ft)		(in)	(psi)	(in)	(in/Hg)	(lbs/ft)
