

RU1-AS PRESSURE WASHER HOSE ASSEMBLY

BLACK

The Hosecraft USA RU1-AS Pressure Washer Hoses are available in three grades/colors of gray, black, and blue, and are 3/8" diameters. Normally used on pressure wash machines with working pressures up to 4000psi and 5800psi.

These quality power wash hoses feature a unique cover compound, excellent for abrasion and ozone resistance. The synthetic rubber tubes are resistant to cold and hot water with usual cleaning agents. The hoses are reinforced with a braid of high tensile steel wire, and are coupled with Hydraulic 100R1 type crimping specifications.

Available in bulk, 50 ft, 100 ft, and custom lengths (contact factory).

15F to 310F temperature rating

Application: For use on pressure washer machines with working pressures up to 4000 psi and temperatures up to 310°F.

Tube: Synthetic rubber, resistant against cold and hot water with usual cleaning agents.

Reinforcement: One braid of high tensile steel wire.

Cover: Abrasion and ozone resistant synthetic rubber, wrapped or smooth.

Temperature: 14°F to 310°F

Packaging: 500 ft 2 piece reels or cut-to-length coils

Couplings: Hydraulic 100R1 type crimped to fitting manufacturer specifications

Colors: Blue, Gray, Black

Features:

- Available in bulk, 50 ft., 100 ft., and custom lengths
- Lightweight and easy to handle
- A unique cover compound gives JGB Eaglewash I hoses the durability and flexibility to handle abrasion and normal cleaning chemicals used in the wash industry.
